*Instructors are from the Department of Commerce and have expertise in each module content area.*

**TO REGISTER:** Send your registration at least one week before the class begins.

**By mail:** Complete the registration form (including the class ID number and start date) and return with the proper registration fee to: WITC Continuing Education, 1900 College Drive, Rice Lake, WI 54868

**Website:** Students can also register on the WITC Website ([www.witc.edu](http://www.witc.edu)) using a credit card. At the WITC home page, click on the yellow rectangle to get to the Searchable Course Schedule and type in the five-digit course number in the last square on the last search line. Follow the prompts to register online.

**Phone:** Register over the phone using a credit card by calling the Continuing Education Office at 1-800-243-9482 or 715-234-7082, extensions 5230 or 5257.

### Taking the Courses for Continuing Education Hours

Students in need of continuing ed hours (UDC plumbing, electrical, construction and HVAC inspectors) through the Department of Commerce should call the WITC Continuing Education Office to ensure the course you are registering for has been approved through the Department of Commerce for your licensure.

## BECOME A UDC INSPECTOR SUMMER/FALL 2004

**June 2 - Dec 8**

**Class held on Wednesday nights  
WITC Rice Lake**

(For contractors, designers, home inspectors, building &  
zoning officials and UDC inspectors)

Cooperatively sponsored by  
Wisconsin Department of Commerce  
Wisconsin Indianhead Technical College

WITC is an equal opportunity employer/educator functioning under an affirmative action plan. Program information or assistance regarding requests for reasonable accommodation under the Americans with Disabilities Act can be obtained from the College Affirmative Action Office at 715-468-2815, TDD: 715-468-7755.

## **Become a UDC Inspector**

With recent state legislation, enforcement of the Uniform Dwelling Code (UDC), the state building code for new one- and 2-family dwellings, will be greatly expanded. As a result there will be an increased demand for UDC inspectors. Inspectors may be hired or contracted by municipalities, or starting in January 1, 2005, contracted by the state in areas without municipal inspectors. Individuals with a construction background are encouraged to take all of these courses in preparation for the various UDC inspector certification exams.

*\*Certification exams are administered by the Department of Commerce and are not included as a part of this course. Information on the exam process will be provided at the beginning of each training module.*

### **Course Descriptions**

#### ***UDC Inspector Course*** (all modules as one course)

Course helps prepare students to pass the UDC - Construction, HVAC, Electrical and Plumbing Inspector Exams and, as municipal and independent inspectors, administer and enforce the UDC. This course can be taken as a refresher for already credentialed inspectors and prepares others, such as contractors and designers, to comply with the code. Students will gain proficiency in code basics, learn where to find applicable sections to handle normal situations, and will know when to call upon expert assistance. References and aids to bring to class include those indicated in each module description.

#### ***UDC - Electrical***

Course provides knowledge, skills and ability to use state and national electrical code as an inspector or code official for enforcement of electrical requirements of Uniform Dwelling Code. Course helps prepare students to pass the UDC Electrical Inspector Exam. Course also provides training for contractors, electricians, designers and others who may need an understanding of electrical code requirements.

References and aids to bring to class:

*IAEI 1 & 2 Family Electrical Systems*, 5<sup>th</sup> edition (\$35.00)

*National Electrical Code*, (NEC) NFPA 70, 2002 edition (\$50.00)

*WI Electrical Code - Vol II, Ch. Comm 16*, State Electrical Code (\$9.00 + tax)

#### ***UDC - Construction***

Course helps prepare students to pass the UDC Construction Inspector Exam and, as municipal building inspectors, to administer and enforce UDC for typically encountered dwellings. Course also prepares others, such as contractors and designers, to comply with the code. Students will gain proficiency in code basics. Students will learn where to find applicable sections to handle normal situations and know when to call upon expert assistance.

References and aids to bring to class: *2004 UDC Code & Commentary* (\$21.00)

## **UDC - HVAC**

Course helps prepare students to pass the UDC HVAC Inspector Exam and, as municipal building inspectors, to administer and enforce the UDC for typically encountered dwellings. Course also prepares others, such as contractors and designers, to comply with the code. Students should gain proficiency in code basics. Students will learn where to find applicable sections to handle normal situations and when to call upon expert assistance.

References and aides to bring to class: *2004 UDC Code & Commentary* (\$21.00)

## **UDC - Plumbing**

Course helps prepare students to pass the UDC Plumbing Inspector Exam and, as municipal building inspectors, to administer and enforce the plumbing requirements of Uniform Dwelling Code. Course also prepares others, such as plumbing contractors and designers, to comply with the code. Students will gain proficiency in plumbing code basics. Students will learn where to find applicable code sections to handle normal situations or know when to call upon expert assistance.

References and aides to bring to class: *Wisconsin Uniform Plumbing Code*, Chs. Comm 81-87 (\$32.00 + tax)

### **Note:**

Materials can be obtained before class starts from Safety and Buildings or State Document Sales. A Publications Order Form is enclosed for your use. Materials money goes to the Department of Commerce and course registration money goes to WITC. Safety and Building instructors will have a limited supply of materials available for purchase at the training site at the first session of each module. .

---

Questions can be answered by calling 1-800-243-9482 X5230.

Report to your class at the scheduled date and time. If you have to cancel, call us 24 hours before the start date to get a refund. Refunds are pro-rated. No refunds are given after 20% of the course hours have been held.

---

### **PLEASE NOTE:**

WITC makes every effort to ensure that course fees and descriptions are accurate and complete. We cannot, however, be responsible for human error, typographical mistakes or necessary fee changes. Students will be notified if course fees are updated. The college hopes that students will not be inconvenienced by slight fee corrections.
